Knights of Saint Thomas the Apostle, Pakistan

A letter of grateful thanks has been received from our Brother Knights of Saint Thomas in Pakistan for the initial payment of \$ 27.500 U.S. dollars contributed by the Member Orders of our Alliance for the building of their new headquarters and meeting facilities in Faislabad. This has made it possible for work of construction to begin. Progress reports will be given to members as the development proceeds.

Members will be pleased to know that Bro. Tony Ellis has now completed the design and production of our own International Alliance Web Site. The address will be circulated with the next Newschannel.
