IACK Website

Thanks to sterling work by Brother Tony Ellis, our International Alliance web site is now online and can be reached through the www.iack.org address. Bro. Tony, who is a member of the Knights of Saint Columba, solved the technical difficulties associated with establishing the site for our Alliance and has now accepted appointment as our Webmaster. It is very appropriate that we have been able to open our new site as we celebrate the Silver Jubilee of our inauguration on October 12th. The most important aspect of our celebration will be to offer thanks to Almighty God for the unending Blessings which he has poured on our work during twenty five years of wonderful fraternal co-operation and also for the inspiration and guidance from Our Lady, Patroness of all Knights.
